It is with distress that I see that the STIP project for Seldovia on the 2006-2008 draft STIP plan has been completely eliminated. The project, "Airport Avenue Paving and Pedestrian Facilities", is a very worthwhile project and I am hard pressed to understand why the project was eliminated.

This letter shall serve as a protest to DOT's decision to remove this important project from the roles. Please insure that the project is re-inserted and is properly listed on the STIP.
